#### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Andrew Cheng on 9/30/08.

The application has been amended as follows:

In claim 1, the last line, following "slab", there has been inserted --- while the heated working platform supports the transparent slab---

The following is an examiner's statement of reasons for allowance: The prior art neither discloses nor suggests, in combination with the other limitations in independent claim 1, a heater coupled to a working platform, upon which can be placed a "slab"-type workpiece, with means for printing a plurality of scattering dots on the side of the slab opposite the side in contact with the working platform while the working platform is heated.

The examiner notes that "scattering dots" is a term of art, referring specifically to the dots with high light scattering characteristics, printed on the surface of an LCD light guide plate to prevent total internal reflection of the light incident on the edge of the plate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Joseph M. Pelham whose telephone number is 571-272-4786. The examiner can normally be reached on M-F 8:30 AM to 5:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Tu Hoang can be reached on 571-272-4780. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
